Dear Prof. XIANGDONG LI

I am very delighted to invite you to visit my group for 7 days between February 16 to April 30, 2018. During your visiting, we will discuss the further collaboration on the study of the endometriosis and common diseases. We also have a workshop on model organisms and diseases on 15-17nd at Tokyo. I beg you to attend the workshop and give valuable comments. I am looking forward to seeing you at Mishima city, and I expect your visit and our collaboration will be fruitful.

Please feel free to contact me if needed.

Sincerely

Prof. Ituro INOUE

Department of Human Genetics
